

I respectfully urge you to REJECT NAB 04-160I believe what I hear should be my choice not the NAB's . I spend a great deal of time on the road and XM Radio provides a service that is unmatched in quality and content. Their service is unique from the typical broadcasted content. I am happy to pay for this service. The NAB has done nothing in the last decade to upgrade their ability to deliver solid content across the United States. XM is filling a void that has been present for a long time. Please do not allow the NAB to bully their position. Respectfully, Thomas Lydick
